

VNG International is committed to strengthening democratic local government worldwide. With this mission in mind VNG International has formulated values and policies that determine the operation of our organisation.

I. Code of Conduct

Wherever we operate we aim for the highest standards of performance and behaviour in everything we do, according to certain principles that shall govern the conduct of every employee and expert of VNG International. See our 'Code of Conduct'. We are aware that statements on paper are not sufficient to avoid condemnable behaviour so we see the Code of Conduct as an instrument which is only useful if we discuss the mentioned values when we are confronted with dilemma's in the daily practice of our work. The management will review annually our attention for the values expressed in the Code of Conduct.

II. Human Resources

Our employees and experts are central to everything we do. VNG International will invest in skills and talents of their employees through ongoing training and development.

III. Security and Safety

We take security and safety very seriously. That is why we have a well elaborated security and safety policy to protect our employees and experts around the world. See our 'Security and Safety Policy'.

IV. Sustainable Entrepreneurship

We want to contribute to sustainable growth. That is why we operate in a way that minimizes negative environmental impact and maximizes positive social impact.
